Programming Languages: Python, C, Kotlin

Project Skills: Android App Development, UI/UX Design

PROJECTS

EduChat AI

Software used : React, PostgreSQL, Node JS LLaMA(via Ollama)

Description : Developed a smart college chatbot to assist students with academic queries and campus information. Designed a React-based frontend for interactive chat and implemented PostgreSQL for reliable data management. Integrated LLaMA through Ollama to enable natural language understanding and AI-driven responses, delivering instant and context-aware support to enhance student engagement and campus communication.

ACHIEVEMENTS

- Participated in National Level hackathon -SAP Hackfest
- College Level Hackathon on GEN – AI in APIRL 2025

DECLARATION
